

## **MAT – co-organiser VERAM**

### **Short bio Corina Hebestreit - Euromines**

Dr. Hebestreit is the Director of Euromines. She has 20 years of experience in the mining sector, from primary raw materials to marketing of end products. Over the years she has built an extensive network in the industry and academia.

In her professional career she has covered all aspects of the minerals industry from the raw materials extraction with all the related technical, environmental and social and community issues, to the downstream applications and their environmental and health and safety aspects.
