

Jeroen Büscher, EnergyVille – VITO

Jeroen Büscher defended his PhD in Physics at KU Leuven in 2010. In 2011 he joined the research group Electa within the Department of Electrical Engineering at the same university. There he took up the role as project manager focusing on smart grid applications, grid integration of electric vehicles, building integrated and larger scale photovoltaic systems. Within Smart Grids Flanders, Jeroen has also been coordinating the theme groups Grid Intelligence (2013), E-Mobility (2014-2015) and Industry (2016). In September 2016 he joined VITO as Product Manager Electrical Storage.
